

## ABOUT KONFORMA

Konforma was founded in January 2020 to provide services to small and medium financial service undertakings, primarily insurance related entities, which require part-time, temporary or ad hoc services.

At Konforma we believe that one must conform to the rules and regulations, not to check the box or to satisfy the regulator but because it is best practice to do so.

Konforma assists entities, willing to internalise and implement compliance best practices by setting the tone using the top-down approach - from the Board to the operational level.

## OWNER/FOUNDER - SANDRA BORG

Sandra is an experienced Risk and Compliance Consultant with a demonstrated history of working in all sectors of the insurance industry for almost 25 years.

Along her career she held the role of an underwriter, an insurance broker and recently an insurance manager working with a global consulting firm, where she managed and held Compliance Officer roles for captives, insurance companies and PCCs.

Sandra is known for her integrity, competence and knowledge in compliance, corporate governance and risk management.
